

Chairman's Report on behalf of The Moulton Charity

The Moulton Charity has continued to operate in much the same way over the past 12 months as previous years. Anglia Water have completed their work on our land at Freckenham, the agreed compensation has been paid and our tenant is back in occupation.

There has been a measure of success in identifying ad hoc instances of hardship where The Trustees have been able to assist. There continues to be a small number of cases where support is given on a regular basis to Moulton residents, but the amounts involved are modest. The Trustees continue to attempt to promote the existence and aims of The Charity locally and are grateful to those who have aided this process. Moulton residents are urged to continue to be mindful of the need to identify suitable beneficiaries in the village.

Enquiries and applications should be made to the vicar, Rev Canon Chris Childs, at Gazeley Vicarage, in the first instance.

David Unwin
Chairman
The Moulton Charity"
