

ARE YOU INTERESTED IN IMPROVING LOCAL RAIL SERVICES?

As the voice of passengers using rail services between Ipswich and Cambridge and Ely/Peterborough, **MARPA** works to secure improvements to services and facilities through regular dialogue with Greater Anglia and Network Rail.

Taking on issues raised by members and others using the railway, our campaigns have helped secure an hourly Sunday service for the line, improved access at Bury station and more services stopping at Kennett. We continue to lobby for improved access for all travellers at stations along the route.

Longer term, our efforts are focused on getting more frequent services and faster journey times for passengers.
